

TROOPS CALLED FROM SCOFIELD

Searchers Find No Trace of Ogden Man's Body in Tunnel

PRICE, Sept. 14.—Major Elmer Johnson yesterday ordered the national guard troops withdrawn from Scofield and said that the troops would leave Helper as soon as equipment could be provided which will be about Saturday. The camp is quiet and wages offered by the Carbon county mines are attracting miners.

The only thing that is preventing the normal output now, according to Otto Herres, representing the combined interests, is the shortage of equipment on account of the railways moving the fruit crops and the Utah railway tunnel No. 2 in Spring canyon being blocked, because of the collision in which Roy Hanson of Ogden lost his life and several others were injured.

The working crews have reached the big mallet engine and the caissons in which Hanson was riding when he was killed, but there was no semblance of his body and the opinion is that the body was completely incinerated.

It will be six weeks before the tunnel can be completely cleared and re-timbered.

CHANGE RULES FOR STATE LAND PATENTS

SALT LAKE, Sept. 14.—John T. Oldroyd, state land commissioner, yesterday adopted amendments to the rules of procedure in the state land office governing the issuance of patents on state lands and for the filing of assignments of certificates of sale, in compliance with a recent opinion of Attorney General Harvey H. Cluff.

The amendments provide for the following:

"In case the certificate owner shall have died and the land described in the certificate has been sold by order of court, before patent shall issue the purchaser at the sale shall furnish a certified copy of the order of sale and of the order confirming sale, and a certificate of the clerk of court that said orders are valid and existing and that no proceedings by appeal or otherwise are pending affecting them, according to the records of his office, and proof of citizenship.

"In all other cases where the certificate owner is dead, the person or persons claiming patent, whether heirs or grantees of the deceased owner, shall first establish their right to patent by appropriate judicial proceedings, and furnish a certified copy of the order of court, or decree, adjudging them to be the legal successors in interest to said land, and certificate of the clerk of court that the same is valid and existing and that no proceedings by appeal or otherwise are pending affecting the same; and proof of citizenship."

ARGUMENT HEARD IN SUGAR ACTION

SALT LAKE, Sept. 14.—Judge Tillman D. Johnson of the United States district court yesterday heard arguments in the injunction proceedings brought by Arthur Woolley, attorney for the Great Basin Sugar company, to restrain temporarily Herbert R. MacMillan and J. M. Eccles from executing the judgment in the case of Chas. W. de Rekowski against the Great Basin Sugar company. The complaint alleges that the judgment held by MacMillan is sufficient to cover the judgment.

M. E. Wilson, attorney for MacMillan and Eccles, said that no objection would be offered to the issuance of the injunction if the court required a bond from the sugar company equal to the amount of the judgment, with interest and costs. He also stated that the securities held by MacMillan could not be considered as part of the payment in the judgment rendered until the present case was decided.

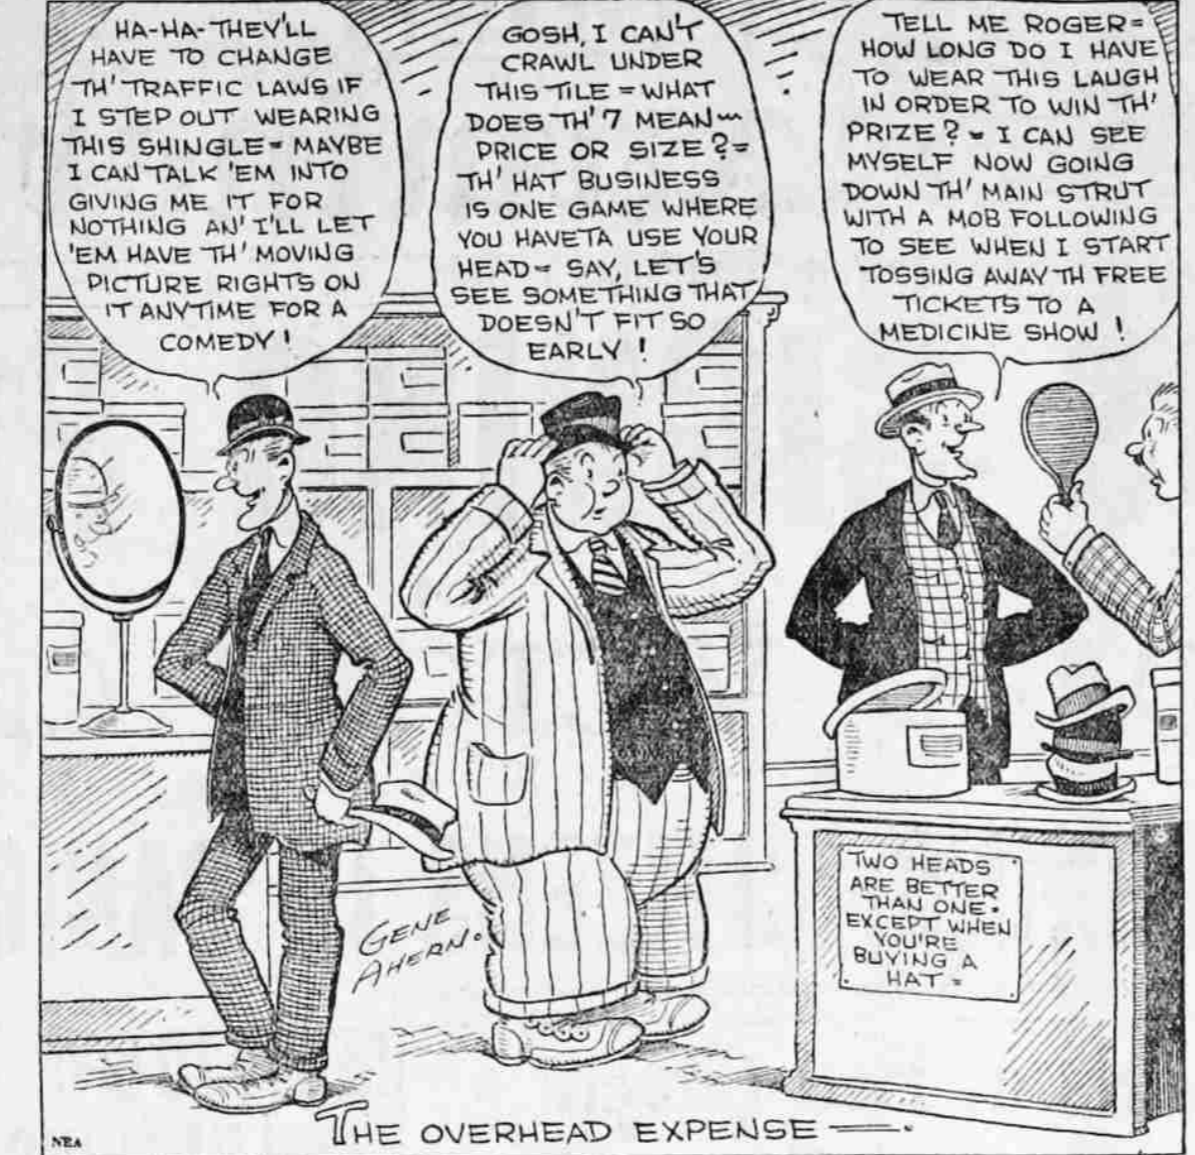

The attorney for MacMillan and Eccles will file a preliminary answer to the allegations set forth in the petition.

SMOOT PROPOSES TO AMEND PENSION ACT

WASHINGTON, Sept. 14.—Provisions of Senator Reed Smoot's amendments to the act of March 4, 1917, which will be hereafter known as the act of September 1, 1922, will make it unnecessary that Indian war veterans and widows of the veterans renew their applications for pensions. Those applications which have been rejected on the ground that the records in the state archives fail to show service of the records available in the war department do not show payment for said service, will be reconsidered under the above mentioned act, providing, of course, that the services can be shown by affidavits of comrades whose identity has already been established.

Comrades are defined as those veterans who are now receiving a pension or whose names appear on the muster rolls in the state archives of the war department.

OUR BOARDING HOUSE

BRITISH PRESS CONCERNED OVER TURK VICTORY IN EAST

Crowd Stampedes When Last Vessel Leaves Mudania Before Turkish Occupation; India and Palestine Excited by Moslem Successes

(Continued From Page One)

Constantinople, Sept. 14.—The British press is greatly concerned over the Turkish victory in the east. The eastern situation is causing considerable concern here. This is reflected in the editorial columns of the morning newspapers, some of which adopted a distinctly alarmist tone.

"A grave crisis" confronts the powers, says one, while others declare the "situation is driving to the danger point" that "all the elements are present for another flare-up of war," and that "the powers must act at once, and in agreement; if they fail to agree, nothing but a miracle can avert disaster."

The one sentiment which dominates all is fear lest France, although agreeing to maintenance of the neutrality of Constantinople in the straits of Dardanelles, may intervene in the "legitimate aspirations" of the Turks in such a manner as to prevent the co-operation of Great Britain.

FRENCH VIEW AWAITED.

Declaration of the French view is expected hourly, and awaited with the greatest eagerness.

Each day brings fresh reports of the intense feeling aroused in the Mohammedan countries by the Turkish victory in Anatolia, with indications of determination to support the Turkish claims with whatever means lie at their disposal. Reports from British India, especially represent the muslims there as greatly excited.

The Daily Express today published a Cairo dispatch quoting information just received of equally intense excitement in Palestine.

VENIZELUS' VIEWS.

PARIS, Sept. 14.—Former Premier Venizelos of Greece for whose return to power a strong movement is under way in Athens, never will consent to work with King Constantine, say his friends here, according to Excelsior. As long as Constantine is on the throne, Venizelos will refuse to have anything to do with the Greek state, they declare, but he will not refuse his aid in saving the country from what he terms Constantine's blunders.

SOVIETS PROTEST.

MOSCOW, Sept. 14.—(By the Associated Press.)—A note of protest against the allied action in Constantinople has been sent to Great Britain by the soviet government which takes the stand that the allies have acted entirely according to their own wishes and against the interests of Russia, Turkey, Ukraine and Georgia.

SHOPMEN SOON WILL BE BACK

Roads and Unions Begin to Sign Up Separate Agreements

(Continued from Page One)

on their old jobs maybe within the week.

W. H. Finley, president of the Chicago & Northwestern, the only big system included in the agreement, said the road would make a settlement with its shopmen today.

"I think it is a good thing that the roads are now making individual settlements instead of national agreements," Mr. Finley said. "It takes matters back where they belong between the persons most directly interested—the roads and the men who work for them."

CREDIT TO WARFIELD.

Much of the credit for effecting settlements was given by the shopcrafts executive council to S. Davies Warfield, president of the Seaboard Air line and head of a railroad securities company, said to control \$13,000,000 of stock. Conferences between Mr. Warfield, Mr. Jewell and Daniel Willard, president of the Baltimore & Ohio in Baltimore, early this month, opened the way to the agreement. It was Mr. Warfield who stuck to the finish for virtually the kind of a settlement in the conferences at New York last month between railway executives and chiefs of the transportation brotherhoods, the latter acting as mediators for the shopcrafts.

Among the larger systems said to be included in the rail peace agreement at the start were:

The New York Central lines and subsidiaries, including the Michigan Central and Big Four; Chicago, Milwaukee & St. Paul; Chicago & Northwestern, and subsidiaries; Baltimore & Ohio; Seaboard Air line, Southern railway; Chesapeake & Ohio, and the Monon.

DAVIS CROSSING PROPOSAL HEARD

SALT LAKE, Sept. 14.—The public utilities commission yesterday heard before it for the third time the questions arising from the proposal of Davis county to open a road serving West Point and Clearfield and running half way between the present Eyre and Woods roads, in Davis county.

The proposed road would cross both the Denver & Rio Grande Western and the Oregon Short Line tracks, and inasmuch as overhead crossings are proposed, the railroads are opposing vigorously the proposal that they share extensively in the cost. County Commissioner G. E. Holt was the witness for a large part of the day yesterday and he was followed on the stand by Oley C. Olson of West Point.

CANDIDATE RUNS ON ANCIENT PLATFORM

SPRINGFIELD, Ill., Sept. 14.—Harking back to a social idea vague in the eighteenth century, Henry W. Koehler of Chicago filed his petition with the secretary of state as a candidate for the legislature on the physiocratic ticket. Koehler resides in the fourth senatorial district.

The physiocrats believe in a system of political and economic doctrines based on the supremacy of the natural order. They emphasized the powers of nature as a source of public revenue and the necessity governing so as not to interfere with the natural laws affecting industry.

Southern Pacific Says It Is Not Party to Rail Agreement

CHICAGO, Sept. 14.—(By the Associated Press.)—Official statements by railroad presidents or directors to the Associated Press today, were to the effect that the following roads were NOT parties to the strikes settlement agreement approved by the shopcrafts policy committee Wednesday night.

Atlantic Coast Line.
Central of Georgia.
Delaware & Hudson.
Delaware, Lackawanna & Western.
Elgin, Joliet & Eastern.
 Erie.
Fort Worth & Denver City.
Gulf Coast Lines.
 Illinois Central.
 Louisville & Nashville.
 Lehigh Valley.
 Minneapolis & St. Louis.
 Missouri, Kansas & Texas.
 Missouri Pacific.
 Pennsylvania System.
 St. Louis & San Francisco.
 St. Louis & Southwestern.
 Southern Pacific.
 Wabash.
 Western of Alabama.

MOTHER OF IRON DISCOVERER DIES

SALT LAKE, Sept. 14.—Mrs. Sarah Selma Bark Milner, 91, mother of James L. Milner of Idaho Falls and Harley O. Milner of Twin Falls, died at her home here Wednesday. Another son of Mrs. Milner, the late Colonel Stanley B. Milner, is credited with having discovered and developed Utah's iron ore deposits.

AMUNDSEN FLIGHT BELIEVED UNLIKELY

NOME, Alaska, Sept. 13.—Information from a reliable source received here today was to the effect that Captain Roald Amundsen would not attempt this year his proposed flight across the north pole to Greenland as was reported recently from Copenhagen. Amundsen, who was last reported at Wainwright, 100 miles southwest of Point Barrow, Alaska, plans to spend the winter there, according to this information.

LIQUOR IN ANY FORM BARRED FROM MAILS

WASHINGTON, Sept. 14.—(By the Associated Press.)—Intoxicating liquors under no circumstances will be permitted to be sent through the mails by surgeons, physicians or pharmacists under an interpretation of the postal laws by Postmaster General Work. Even should containers bear a label or "superscription" of the sender, and be mailed.

Steel and Spanish Guitar Banjo and Mandolin

MALAD, Idaho, Sept. 14.—Postoffice department asked Postmaster Colton of Malad for information and recommendations concerning proposed establishment of a star route between Malad and Downey. This proposed route is favored by many of the business men of Malad because it would give the town a considerably better service.

Africa's area is 12,000,000 square miles

designed for medicinal purposes and physician's prescription, they nevertheless will be barred from the post system, it was announced.

The decision was occasioned by recent ruling of the postmaster at Philadelphia that liquor could be transported by the government if directed in the mails.

VOTE

THIS BALLOT AT THE ALHAMBRA

\$100.00

IN MERCHANDISE

Will be awarded to the one receiving the greatest number of Standard-Examiner ballots which will be published every day in this paper during the showing of the picture starting Sunday, September 10. Vote your ballots at the Alhambra, September 10 to 17, inclusive.
